NOTICE

WEST ST CLOSED - RESCHEDULED

START @ 7:00 AM MONDAY July 7, 2014

Beginning Monday July 7, at 7:00 AM, we will be conducting borings on West Street at the dam. The project will take two (2) days. Due to the size of the equipment needed to conduct the borings and the narrow width of West St, the road will be closed and impassible to everyone except emergency vehicles between Spruce St and White Farm Lane. Detours will be set up to use Mill Street as an alternate route.

Police & Fire Vehicles will have access through the work zone at all times. !!PLEASE NOTE!! In an emergency the Police or Fire vehicles will go directly to your house with no delay. The road will be closed to motorists. Motorists should avoid the work area. Access to or from your driveway will be possible but you will need to access from one side or the other of the dam. The road will be opened to traffic at the end of the day after the day's work is finished. The normal work day will be from 7:00 AM to 4:00 PM.

Trash Trucks : Both Russell Disposal and Dooley Services will be notified of the closure on Monday to make alternate arrangements or follow the detours.

Foxborough Police and Highway Department personnel will be on-site to assist you should you wish to enter or exit your residence.

Please plan your driving to avoid traffic delays.

We are also seeking your help to please keep your children away from the work site during the normal work day.

Please note: This schedule is dependent on weather and equipment breakdowns, & is subject to change.

We apologize for any inconvenience this work may cause you. Should you have any questions please call the Highway Department at 508-543-1228.
